

FEATURES

BENEFITS

100% SOLIDS: ZERO Solvents
ZERO VOCs
ZERO Hazmat Regulations - Ships Like Water
ZERO Flammables
ZERO Known Carcinogens
No Skin Absorption
Applied Coating Thickness = Cured Coating Thickness

UV Light Cure: Eliminate Oven Bake
Reduce Cure Time
Reduce Floor Space
Reduce Power Consumption
Reduce WIP
Reduce Post Cure Processes and Handling
Reduce Heat Sensitive Substrate Problems
100% "On Demand" Curing

Single Component Coatings: No Mixing - Ready to Use
Reduce Start-Up Time
Increase Available Production Time

Unlimited Shelf Life: Reduce Inventory and Storage Issues
Eliminate Waste Due to Prematurely Cured Materials
Reduce Clean-up Time

Physical Characteristics: High Resistant to: Chemicals/Stains/Abrasion/Cracking/
Yellowing
